

Record Setting Guidelines

The 100% RAW Tiered Sanctioning System, illustrated below, will ensure that all records set at a Sanctioned event, no matter the location, will always have the proper level of official, judging our lifters attempts, thus guaranteeing the integrity & consistency 100% RAW Lifters deserve.

The word Sanctioned followed by a number will appear on all 100% RAW Entry Forms. The number reflects the experience level of the officials that will be at each competition. Here is an example of how it will appear online & in print: **This is a Sanctioned II Event.**
